The application was generated using the USPTO Electronic Filing System (EFS) software and hand delivered to the USPTO personal. A filing receipt was given to the applicant to establish a date of receipt of the submission. This exception processing was due to the large size of the submission, which is beyond that which can be handled by current equipment and software. The application was not filed under the Legal Framework (<http://www.uspto.gov/ebc/efs/legal/legalframe1.htm>) of EFS or according to 37 CFR 1.52. As an accommodation to the applicant, the Office has accepted the submitted CDs and made all reasonable efforts to upload the data from the CDs to the format needed for processing. The Office, however, was not able to convert the submitted documents to the USPTO format. The Office must resort to conventional processing in this extreme situation. In order to further process the application, applicant must file a substitute application in paper.

- A paper submission of a substitute specification according to 37 CFR 1.125
- CD-Rs containing text tables, program listings and sequence listings (according to 37 CFR § 1.52 (e) & 37 CFR § 1.821 -1.823).
- All the forms authored in ePAVE (application data sheet, transmittal, declaration, fee-sheet, assignment) and the acknowledgement receipt

The applicant needs to satisfy supplemental fees problems indicated below.

The required item(s) identified below must be timely submitted to avoid abandonment:

- Additional claim fees of **\$352** as a small entity, including any required multiple dependent claim fee, are required. Applicant must submit the additional claim fees or cancel the additional claims for which fees are due.

SUMMARY OF FEES DUE:

Total additional fee(s) required for this application is **\$812** for a Small Entity

- **\$395** Statutory basic filing fee.
- **\$65** Late oath or declaration Surcharge.
- Total additional claim fee(s) for this application is **\$352**
